History of World Conference on DRR

1990  International Decade for Natural Disaster Reduction (IDNDR)
1994  First WCDRR (in Yokohama, Japan)  →  Yokohama Strategy
       1995 Hanshin-Awaji Earthquake (in Kobe, Hyogo)
       2011 Great East Japan Earthquake and Tsunami (in Tohoku and other region)
2015  Third WCDRR (in Sendai, Japan)  →  a Post-2015 Framework for DRR

HFA- Five Priorities for Action
Towards substantial reduction of disaster losses both in lives and livelihood

1. Make DRR a national priority with a strong institutional basis
2. Identify, assess and monitor disaster risks
3. Use knowledge, innovation and education for a culture of safety
4. Reduce the underlying risk factors
5. Strengthen disaster preparedness for effective response
Towards a post-2015 Framework for DRR

Challenges and Opportunities
